

Filing Instructions for the District of Columbia Renewable Energy Portfolio Standard Program

Please use the appropriate form to submit your application. Please refer to the Tier I and Tier II Eligibility Matrices in [Order No. 13860](#) (Formal Case No. 945) to determine if you should file the Streamlined Application or the Full Scale Application. In addition, you may view the Final Rules for the implementation of the Renewable Energy Portfolio Standard for additional information.

If you need more space than is provided on the form or if you are attaching exhibits, all attachments must be labeled or tabbed to identify the application item to which they correspond. If the generator is able to use multiple fuels, please file an electronic version of the allocation formula. File a signed and verified original, along with any electronic version of your application and attachments, with the Commission's Secretary in Washington, D.C.:

**Dorothy Wideman
Commission Secretary
Public Service Commission of the District of Columbia
1333 H Street, N. W.
2nd Floor West Tower
Washington, D. C. 20005**

If you are submitting multiple applications at one time please limit the number of applications to 35 per filing. Questions pertaining to completion of this application may be directed to Roger Fujihara at the above address or you may contact him on (202) 626-0558. You may also reach Roger Fujihara electronically at rfujihara@psc.dc.gov.

You are required to inform the Commission if your answer to any of these items changes during the pendency of your application or if any of the information about any item herein needs to be changed or clarified.

Confidentiality: Sections of an Application related to ownership of the Applicant's corporation (to the extent such information is not already public) and financial information will be treated as confidential information by the Commission to the extent permitted by law. The remainder of the document is considered public information.

Applicable law: The evaluation of all applications will be done pursuant to the requirements of the Renewable Energy Portfolio Standard Act of 2004 (*D.C. Law 15-340*) and the Clean and Affordable Energy Act of 2008 (*D.C. Law 17-250*).
